

The Essentials Beauty Reward Points July 2020

Terms and Conditions

The "Reward Point" scheme is offered and operated by the owner of The Essentials Beauty.

It is in place to reward loyalty of The Essentials clients who continue to visit and utilize the products and services of The Essentials Beauty in Castle Bromwich and Coleshill.

The scheme will continue to run as long as the salon sees fit and the management reserve the right to amend or stop the scheme at any point.

1 reward point is awarded to an individual client for every complete £10 that they spend on products or treatments in one visit. The points accrue automatically on our booking system, and will combine across the 2 salons.

They cannot be used in conjunction with any other offer and cannot be exchanged for cash.

When a client reaches 45 points they are then entitled to £25 gift to spend towards products within the salon. This must be used within 3 months of completion and must be used in one go.

If the products are over £25 the extra must be paid as normal and in full. If products are under £25 the remainder of the gift is lost.

Points cannot be shared between clients and the gift must be used by the client who has accrued the points.

All points that have been accrued in the previous scheme will be transferred to the new scheme.
